Message from the PE Department:

Dear Parents,

As a new school year approaches, there is an item that needs attention. Last year we had several foot & ankle injuries due to improper shoes for P.E. Every child needs a good pair of tennis shoes that can be laced up tightly so as to stay on their feet. Shoes such as skate boarder shoes, slip-ons, and zippered shoes seem to be constantly coming off. Our goal is not to exclude anyone from participating but it has become a large problem. We would certainly appreciate your help with this matter as you equip your child for the new school year. (Please also avoid shoes that would leave black marks on the floor.)

Thanks so much,

Richard Hoopes, P.E. Teacher
