### CLASSROOM PLACEMENT FOR 2018-2019:

If you are considering making a suggestion for classroom placement for your child, this is the procedure:

- 🐾 Parent input on student placement will need to be submitted using an application form that is available in the office. Phone calls, emails, notes, or conversations with teachers about placement will not substitute for completing the form. When making a recommendation, please consider the following:
  - 🐾 Every classroom in each grade level offers the same exposure to the curriculum.
  - 🐾 When classroom assignments are made for the following year, it involves a time-intensive process to make sure students are considered individually for how they will succeed based on teaching style, learning style, interaction with peers in the classroom, student strengths, and teacher strengths.
  - 🐾 Parent input is one determining factor, but not the only determining factor in placement. While we work hard to consider parent input, placement from parent input is not guaranteed. Teachers, along with myself, take the above listed factors into account when it comes to placing all students in classrooms.
  - 🐾 Application forms that are incomplete, or are not filled out correctly, will not be honored.
  - 🐾 Parent input is due to the office by the end of the school day on May 10, 2018. Any requests received after that date, including requests made once the class lists have been posted, will not be considered.
  - 🐾 Classroom placements (for the 2018-19 school year) will not be published until your student has been re-registered through our online system, which is now open for the upcoming school year. Please refer to the email sent to parents on 4/24/18, or call the school with questions. We would very much appreciate all students being registered for the 2018-2019 school year by the end of this school year. *Thank You!*
- 🐾 If you have any questions or would like to visit about this further, please call to set up a time to visit with me (885-2380).
