

Thayne Elementary School

Stronger Together

Newsletter - March 2019

The morning school bell rings at 7:50 a.m. If your student arrives after that time, please walk them into the building, and check them in at the office. They will receive a late pass to class, and their lunch preference will be noted for the cafeteria lunch count. Morning can often be a hectic, hurried time. Below are some ideas to help reduce the stress of this potentially challenging situation.

Tricks for helping your kids get to school on time:

- Have a designated spot for all their stuff.
- Plan outfits ahead of time.
- Prep lunch the night before.
- Keep backpacks packed.
- Simplify breakfast.
- Enforce bedtimes.
- Make it easy to know the time: hang a clock in the bathroom.
- If your child is older, set an alarm clock.
- Find a way to also improve your routine .
- Be consistent and establish a routine.
