

Stronger TOGETHER, Better LEARNERS!

This Year, Our Teachers Are Leveling Up with Kagan!

Our teachers will be participating in professional learning with Kagan Cooperative Learning strategies to create classrooms where every student is actively engaged, supported by peers, and excited about learning!

- ✓ Builds confidence
- ✓ Develops communication & teamwork
- ✓ Increases engagement & achievement
- ✓ Creates a positive, inclusive classroom community

WHAT DOES IT LOOK LIKE?

Here are a couple of Kagan structures your child may experience this year:

THINK-PAIR-SHARE

Students think about a question on their own, then pair up to share their ideas, and finally share with the class.

More voices. Better ideas!

RALLYROBIN

Team members take turns sharing ideas, one at a time, so every student has a chance to contribute.

*Everyone counts.
Everyone learns!*

We're investing in strategies that
CONNECT, ENGAGE,
and help every student **GROW!**

Thank you for partnering with us as we make this a year of growth, connection, and success!

SAFE • RESPECTFUL • RESPONSIBLE • READY TO LEARN
